TURONTO ON CANADA
70th NSAUA Annual Meeting
October 11-13, 2018
SAVE THE DATE
WELCOME

Thank you to all Section members, industry partners and other attendees for coming to Savannah! We are privileged to welcome you to the Section’s 69th Annual Meeting.

We invite you to enjoy our intimate setting that allows close interaction with urology leaders from both the U.S. and Canada. Our program offers 16.5 hours of scientific exchange – emphasizing practical approaches for managing clinical problems. As stated in our meeting objectives, we expect the featured talks, panel discussions and debates to directly help you in your practice – to be aware of recent developments in multiple topic areas, to improve your evaluations and assessments of patients, to be aware of trends – all to equate to an excellent educational experience. Your questions and active participation in the sessions are strongly encouraged.

Join us for Thursday evening’s Exhibit Hall Reception – have a drink, mingle with colleagues and thank our industry partners for their support. Friday evening’s Fun Night event will feature a taste of Savannah at the Ships of the Sea Maritime Museum. Enjoy this casual evening in the historic district with food and drink from local restaurants and a popular, local blues-rock artist. Your meeting registration also includes Saturday’s banquet event – a more casual event this year where the hotel’s chef will team up with a local brew master!

Experience the history, culture and delicious cuisine that Savannah has to offer.

Thank you again for being here. Please say hello to us and share your ideas and questions. We look forward to each of you making this a productive and enjoyable meeting.

D. Robert Siemens, MD
PRESIDENT

Darren Beiko, MD
SCIENTIFIC PROGRAM CO-CHAIR

Michael Leveridge, MD
SCIENTIFIC PROGRAM CO-CHAIR
SCHEDULE-AT-A-GLANCE

THURSDAY, OCTOBER 12

- Plenary Session – Uro-International
- Section Stars Session 1
- Managing and Preventing Physician Burnout
- Moderated Poster Session 1: Laparoscopy & Robotics; Voiding Dysfunction; Pediatrics
- Moderated Poster Session 2: Basic Science; Education
- Industry Lunch Symposium – Astellas & Pfizer Oncology*
- Plenary Session – Andrology
- Plenary Session – Voiding Dysfunction
- Industry Reception Symposium – Nymox Pharmaceuticals*
- Exhibit Hall Welcome Reception

FRIDAY, OCTOBER 13

- Moderated Poster Session 3: Oncology 1
- Moderated Poster Session 4: Stones and Endourology; Infertility
- Section Stars Session 2
- American Board of Urology MOC Update
- Plenary Session – Stones
- Industry Lunch Symposium – Legally Mine*
- Plenary Session – Oncology (Non-Prostate)
- Plenary Session – Pediatric Urology
- George E. Slotkin Lecture – Curtis Nickel, MD
- Industry Reception Symposium – Merck*
- Fun Night Event – Ships of the Sea Maritime Museum

SATURDAY, OCTOBER 14

- Annual Business Meeting
- Moderated Poster Session 5: Oncology 2
- Moderated Poster Session 6: Trauma; Education
- AUA Course of Choice
- Plenary Session – Uro-Education & Business
- Plenary Session – Prostate Cancer
- President’s Banquet

*Industry-sponsored symposia are separate from the Section’s designated CME scientific program.

**PUBLICATION OF 2017 ABSTRACTS**

The Section is pleased to announce that all accepted abstracts of the 2016 annual meeting have been published in the September online issue of the Canadian Urological Association Journal (CUAJ).

The Canadian Urological Association Journal (CUAJ) is owned and officially endorsed by the Canadian Urological Association. CUAJ is a bi-monthly publication and is searchable on PubMed, with full-text articles on PubMed Central and on the newly created CUAJ website (www.cuaj.ca). CUAJ is also covered in the Science Citation Index Expanded (also known as Scisearch) and the Journal Citation Reports/Science Edition provided by Thomson Reuters.

“Founded in 1948, the Northeastern Section of the American Urological Association (NSAUA) is unique in many ways. It is the youngest section of the AUA, yet its membership is the most diverse internationally; 59 percent of its members represent the United States, and 41 percent represent Canada. . . Although the NS is the youngest AUA section, its roots and distinctive features are among the oldest.”

DR. GEORGE E. SLOTKIN

EXCERPT FROM THE WATERWAYS CHAPTER:

“No history of the Northeastern Section is complete without a short biography of this indefatigable urologist.

Dr. George E. Slotkin (1890-1971) was born in New York City but soon moved with his parents to Buffalo, NY, where he spent his professional career. We acknowledge him today as a founder, the first benefactor, and the first historian of the NS, but there is more to his story.

If one were to hold up a mirror to the changing face of urology in the first half of the 20th century, it would be well reflected with an image of George E. Slotkin. A graduate of the University of Buffalo Medical School, Dr. Slotkin did postgraduate work at the New York City Post Graduate Hospital, the University of Vienna, and the University of Budapest. In 1918, he became a clinical professor of urology at the University of Buffalo. During the late 1940s, his clinical interest was tuberculosis of the urinary tract, which he treated with chlamagoric acid. Even though results of his work in this area remain inconclusive, other fruits of his career do not. Friends and colleagues of his time were fond of saying, ‘George Slotkin has three loves: urology, his wife Helene, and his Rolls Royce...not necessarily in that order!’ His early work, ‘Nephroptosis, a resurrected disease,’ was published in The Urologic and Cutaneous Review in 1938. His later work with E.A. Mercer, ‘Case of epispadias with a double urethra,’ was published in The Journal of Urology in 1953.

Obviously, this change in his work reflects the change in urology from its early focus on genitourinary disease to its present focus as a surgical specialty. Dr. Slotkin was named Clinical Professor of Urology Emeritus in 1954 by the University of Buffalo Medical School and continued his private practice until 1964. After retirement, he continued to write, contributing a fascinating chapter about the history of the Northeastern Section to History of Urology. It is a priceless, logical record of carefully researched facts.

His obituary notice implies that he may have been the first American invited to join the Canadian Urological Association. Dr. and Mrs. Slotkin did not have any children; his estate included a generous bequest to the Northeastern Section to provide funding for invited guest speakers at our annual meetings.”

2017 GEORGE E. SLOTKIN LECTURER

Curtis Nickel, MD
Kingston, Ontario

Professor, Department of Urology, Queen’s University
Canada Research Chair in Urogenital Pain and Inflammation Staff Urologist, Kingston Health Sciences Hospitals
SUPPORT THE RESEARCH AND EDUCATION FUND

The Northeastern Section of the American Urological Association Foundation (NS-AUA) established its Research and Education Fund in 1995 to assure continuing excellence in research and educational activity within the Section. Members are encouraged to contribute to help sustain the following grants programs.

**Research Scholarship Program** – This program was established in 1998 to provide financial scholarships to support research projects. The Section funds a research award annually to a young investigator in basic or clinical urology research, to acquiring, developing or improving knowledge and skills in a specific aspect of the specialty. The Section is proud to have awarded 29 research grants since the program’s inception, 22 from Canada and 7 from the U.S. Recipients have gone on to leadership roles both at the Section and within the AUA.

*Annual Grant Payment - $30,000*

**Resident Travel Support to Annual Meeting** – Since 2002, the Section has provided stipend support to its 16 Urology Programs to help offset costs associated with sending residents/fellows to the Annual Meeting. The R&E Fund has also enabled the Section to provide special programming and events specifically tailored for urology residents, including the annual Prize Essay Contest.

*Annual Payout to Programs - $15,000*

**IVUmed Traveling Resident Scholars Program** – This program gives Section residents the opportunity to volunteer their time and talents in developing-world hospitals. Under the guidance of a mentor, trainees spend 1-2 weeks witnessing the level of need in countries they serve and the resourcefulness required to operate in these settings. They learn from a diverse surgical experience with exposure to cases not often seen in the U.S. They experience the joy of serving patients in dire need of urological care, and new appreciation and insight into the international medical community. Since the program began in 1999, more than 220 residents have traveled, and so far 13 resident trips have been funded by the Northeastern Section.

*Annual Grant Support - $4,500*

**SWIU Leadership** – Each year the Society of Women in Urology offers Resident Travel Awards for residents to attend the SWIU Winter Leadership Meeting. This award subsidizes the travel expenses for a female resident to attend the conference. The Section is proud to support two residents – one from the U.S. and one from Canada – to attend this meeting.

*Annual Grant Support - $1,500*

Please contribute to sustain these important programs. If you wish to learn more or to make a donation, please contact the Northeastern Section at 410-689-3950 or info@nsaua@AUAnet.org. All R&E contributions support the Section’s 501(c)(3) Foundation, Tax ID #06-1705712.
ACCREDITATION INFORMATION

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Urological Association Education and Research, Inc. (AUAER) (hereafter “AUA”) and Northeastern Section of the AUA (hereafter NSAUA). The AUA is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The American Urological Association designates this live activity for a maximum of 16.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Learners: The AUA is not accredited to offer credit to participants who are not MDs or DOs. However, the AUA will issue documentation of participation that states that the activity was certified for AMA PRA Category 1 Credit™.

Evidence Based Content: It is the policy of the AUA to ensure that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous and free of commercial bias.

AUA Disclosure Policy: All persons in a position to control the content of an educational activity (i.e., activity planners, presenters, authors) are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUA must determine if the individual’s relationships may influence the educational content and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners information with which they can make their own judgments.

Resolution of Identified Conflict of Interest: All disclosures will be reviewed by the program/course directors or editors for identification of conflicts of interest. Peer reviewers, working with the program directors and/or editors, will document the mechanism(s) for management and resolution of the conflict of interest and final approval of the activity will be documented prior to implementation. Any of the mechanisms below can/will be used to resolve conflict of interest:

- Peer review for valid, evidence-based content of all materials associated with an educational activity by the course/program director, editor, and/or Education Content Review Committee or its subgroup
- Limit content to evidence with no recommendations
- Introduction of a debate format with an unbiased moderator (point-counterpoint)
- Inclusion of moderated panel discussion

- Publication of a parallel or rebuttal article for an article that is felt to be biased
- Limit equipment representatives to providing logistics and operation support only in procedural demonstrations
- Divestiture of the relationship by faculty

Off-label or Unapproved Use of Drugs or Devices: The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Course Description: The 2017 Annual Meeting of the Northeastern Section will provide attendees with current updates on various urologic conditions and treatments including Andrology, Infertility, Stone Disease, Pediatrics, Voiding Dysfunction and Urologic Cancers as well as a review of new AUA Guidelines. Additional instruction will include Basic Science, General Education in Leadership and Business, as well as a session on Physician Burnout. This year’s program provides diverse learning formats including plenary lectures, panel discussions, moderated poster and podium sessions presented by experts in urology. These different learning formats will allow attendees opportunities to improve their knowledge gaps and potentially change their practice patterns.

Learning Objectives for Accreditation Page:

- Define Global Surgery and gain an understanding for its role in the current climate of Global Health
- Identify risks contributing to physician burnout and establish strategies to prevent and minimize its impact
- Describe rational approaches to the assessment and follow-up of the neurogenic bladder patient
- Identify potential causes of voiding dysfunction in women, particularly those that may be amenable to surgical correction
- Define and describe health-related quality of life and reasons why it is receiving increasing attention in the provision of stone-related urologic care
- Define strategies to avoid complications during PCNL, ureteroscopy, and manage complications after PCNL and URS
- Describe the role of and how to select patients for cytoreductive nephrectomy in 2017
- Recognize the data of checkpoint inhibitors newly available immunotherapy treatment options in advanced bladder cancer
- Identify and recognize emergent urologic conditions and immediate management of newborn urologic emergences
• Describe current AUA/Endourological Society guidelines for the surgical management of stones in children and adolescents
• Identify when to prescribe marijuana based on the experience of the Queen's Urology Pain Clinic.
• Characterize and describe leadership in Urology
• Describe patient selection, follow-up and long term outcomes of prostate focal therapy
• Identify the basic tenants of behavioral economics
• Recognize principles of management, including ethical and legal considerations, for a wide range of intraoperative consultations that urologists may encounter

PARTICIPANT INFORMATION & POLICIES

Disclaimer: The opinions and recommendations expressed by faculty, authors and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUA or NSAUA.

Consent to Use of Photographic Images: Registration and attendance at or participation in NSAUA meetings and other activities constitutes an agreement by the registrant to AUA’s use and distribution (both now and in the future) of the registrant or attendee’s image or voice in photographs, videotapes, electronic reproductions and audiotapes of such events and activities.

Audio, Video and Photographic Equipment: The use of audio, video and other photographic recording equipment by attendees is prohibited inside NSAUA meeting rooms.

Reproduction Permission: Reproduction of written materials developed for this NSAUA course is prohibited without the written permission from individual authors and the American Urological Association.

Special Assistance/Dietary Needs: The Northeastern Section complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, please see the registration desk.

Target Audience: The primary target audiences are AUA and Northeastern Section members, urology residents, urology sub-specialty fellows and other members of the urologic care team.

Go to NSAUA.org to claim CME credits.
THANK YOU TO OUR ANNUAL MEETING SUPPORTERS

The Northeastern Section of the AUA thanks the following companies for being Supporters of the 2017 Annual Meeting:

Diamond Supporters:

- astellas
- Pfizer Oncology
- LEGALLY MINE
- KEYTRUDA®
- Injection 100 mg
- NYMOX

Gold Supporter:

- Janssen

Silver Supporter:

- OLYMPUS®

The Northeastern Section of the AUA thanks the following companies for providing educational grants in support of the 2017 Annual Meeting:

ALLERGAN, INC.

The Northeastern Section extends a special thanks to this year’s distinguished speakers.

**CURTIS NICKEL, MD, FRCSC**
Professor, Department of Urology, Queen’s University
Canada Research Chair in Urologic Pain and Inflammation

Staff Urologist, Department of Urology, Kingston and Hotel Dieu General Hospitals

Dr. Nickel’s research covers inflammatory (including infections), benign prostate (BPH) and pain diseases (prostatitis and interstitial cystitis) of the urinary tract. He has over 550 publications, is on the editorial board of 8 Urology journals (new editor of Urology Update Series), presented in 45 countries, funded by US NIH and Canadian CIHR and was awarded a CIHR Tier I Canada Research Chair (concurrent), AUA Distinguished Contribution Award and SIU Academy Award. He is currently Immediate Past President of the Canadian Urological Association.

**JULIAN BARLING, FRSC**
Borden Chair in Leadership
Smith School of Business

Julian is the author of The Science of Leadership: Lessons from Research for Organizational Leaders, which was published by Oxford University Press (New York) in 2014. His research interests focus on the nature and development of transformational leadership and employee well-being, and he is the author of well over 200 research articles and book chapters, as well as several books.

Julian was formerly the editor of the American Psychological Association’s Journal of Occupational Health Psychology.

Julian is a Fellow for the Royal Society of Canada, the Society of Industrial and Organizational Psychology, the European Academy of Occupational Health Psychology, the Association for Psychological Science, and the Canadian Psychological Association. Julian was the recipient of the Distinguished Contributions to Industrial and Organizational Psychology by the C-SIOP Division of the Canadian Psychological Association, and Lifetime Contributions Award for his research on Work, Stress and Health from the American Psychological Association and the US National Institute for Occupational Safety and Research, and the European Association for Occupational Health Psychology.

Julian has received several teaching awards, including Queen’s University’s Award for Excellence in Graduate Student Supervision.

**SABY GEORGE, MD, FACP**
University at Buffalo

Dr. Saby George earned his Medical degree from Kottayam Medical College, India. After completing residency training from Wright State University, he completed two fellowships (Medical Oncology, UT San Antonio and Experimental therapeutics, Cleveland Clinic Taussig Cancer Institute). He started as GU Medical Oncologist at Roswell Park Cancer Institute. Currently he is a tenured Associate Professor of Medicine and Oncology at the University at Buffalo.

His interests include Kidney, Bladder and Prostate cancers and clinical trials in those diseases. He participates in Phase I, II, III and IV and has been the Principal Investigator of many clinical trials. His focus includes novel checkpoint inhibitors, tyrosine kinase inhibitors, mechanism of resistance formation to both the classes of drugs and the unconventional response seen with checkpoint inhibitors. He also has a keen interest in developing imaging based biomarkers for assessing checkpoint inhibitors. He had presented at the national and international stages many times at various conferences and is an educator who mentors fellows and residents constantly.

**KRISTINA PENNISTON, PHD, RDN**
Department of Urology, University of Wisconsin School of Medicine and Public Health

Kristina Penniston is a scientist and registered dietitian nutritionist in Madison, Wisconsin. Dr. Penniston earned her PhD in nutritional science from the University of Wisconsin-Madison. She completed a dietetic internship at the University of Wisconsin Hospital and Clinics and is a certified dietitian member of the Academy of Nutrition and Dietetics. Dr. Penniston has provided clinical nutrition services to patients with kidney stones and other urologic diseases, such as urologic cancer and benign urologic conditions, for more than 17 years.

Dr. Penniston’s research in the Department of Urology at the University of Wisconsin School of Medicine and Public Health focuses on prevention of kidney stones. Specifically, her research aims to develop and test dietary interventions that prevent or ameliorate recurrent stones; promote patients’ self-efficacy in managing their stone disease; and understand and improve patients’ health-related quality of life. Dr. Penniston has developed a porcine model of dietary-induced calcium oxalate urolithiasis as a platform for studying dietary influences on stone formation. She also helped to develop the Wisconsin Stone Quality of Life questionnaire, a stone-specific instrument to assess patients’ health-related quality of life.

Dr. Penniston is a member of the American Urological Association and is a former research scholar (2008-2010). She has been a member of the Research on Calculus Kinetics (ROCK) Society since 2008 and publishes regularly in urologic and nutrition journals.
THOMAS POLASCIK, MD
Duke Cancer Institute
Department of Surgery, Duke University

Thomas J. Polascik, M.D. is Professor at the Duke Cancer Institute, Department of Surgery, Duke University, Durham, NC. Dr. Polascik trained at Johns Hopkins and did an oncology fellowship under Alan W. Partin M.D. PhD. He joined the Duke faculty in 1998 and has practice and research interests in prostate and kidney cancer.

He is the founder and co-director of the International Symposium on Focal Therapy and Imaging of Prostate and Kidney Cancer that began at Duke in 2008. Dr. Polascik is the editor of Imaging and Focal Therapy of Early Prostate Cancer. He is the director of the Society of Urologic Oncology program and also the Genitourinary Program on Focal Therapy at the Duke Cancer Institute. He has published over 300 manuscripts and book chapters.

HEIDI STEPHANY, MD
UC Irvine
Children's Hospital of Orange County

Dr. Heidi Stephany is a board certified urologist with a subspecialty certification in pediatric urology. Dr. Stephany received her medical doctorate at the University of Kansas School of Medicine, and completed her residency training in urology at the University of Kansas Medical Center. She subsequently matriculated to Vanderbilt University Medical Center in Nashville, Tennessee, where she completed her pediatric urology fellowship. Prior to joining CHOC Children’s in August 2017, Dr. Stephany was an Assistant Professor and the Associate Clinical Director for the Division of Pediatric Urology at the Children's Hospital of Pittsburgh, at the University of Pittsburgh Medical Center, from 2013-2017.

Dr. Stephany's clinical interest include complex reconstructive surgery, specifically hypospadias and disorders of sexual differentiation. She participates in clinical outcomes research with an interest in voiding dysfunction. Resident and fellow education is also a primary focus in her academic career both locally and internationally, and she volunteers with International Volunteers in Urology (IVUMed), which includes traveling to Africa biannually to conduct workshops with local urologists.

GREGORY TASIAN, MD
Children’s Hospital of Philadelphia
University of Pennsylvania Perelman School of Medicine

Gregory Tasian, MD is an attending urologist in the Division of Urology at the Children’s Hospital of Philadelphia (CHOP) and an Assistant Professor of Urology and Epidemiology and a Senior Scholar in the Center for Clinical Epidemiology and Biostatistics at the University of Pennsylvania Perelman School of Medicine. He is also a core faculty member of the Center for Pediatric Clinical Effectiveness at CHOP.

Dr. Tasian focuses his clinical efforts on the surgical and medical management of children with kidney stones and has a large and active research program that devoted to identifying risk factors for kidney stones and developing interventions to decrease stone recurrence. Dr. Tasian serves as co-Director of the Pediatric Kidney Stone Center at CHOP and has spearheaded efforts to develop clinical care pathways to provide individualized and evidence-based treatment for each child seen in the Center.

Dr. Tasian is the recipient of multiple grants including a Career Development Award from the NIDDK and is a principal investigator in the Urinary Stone Disease Research Network. In recognition of his research efforts, Tasian recently received the 2016 Young Physician-Scientist Award from the American Society for Clinical Investigation.

Dr. Tasian is a graduate of Baylor College of Medicine, in Houston Texas, where he completed his medical degree, the University of Oxford, and the University of Pennsylvania. He completed his residency in Urology at the University of California, San Francisco, and a fellowship in Pediatric Urology at CHOP.

MICHAEL SCHWARTZ, MD
Arthur Smith Institute for Urology
Hofstra Northwell School of Medicine

Michael J. Schwartz, MD is the Director of Robotic and Laparoscopic Surgery for the Smith Institute for Urology. In his role as Associate Residency Program Director for Urology, he leads the surgical skills training curriculum for the residency including simulation of open, endoscopic, and laparoscopic/robotic surgery.

After completing medical school at Brown University, Dr. Schwartz went on to his urology residency training at the New York Presbyterian Hospital, Weill Medical College of Cornell University and Memorial Sloan Kettering Cancer Center. Following his residency training, Dr. Schwartz went on to fellowship in advanced laparoscopic and endoscopic surgery under the mentorship of Dr. Louis Kavoussi at North Shore and Long Island Jewish Hospitals.

His current research interests mainly focus on urologic malignancy and he has published numerous peer reviewed articles on kidney, bladder, prostate, and testis cancer. Dr. Schwartz has also authored several textbook chapters on laparoscopic surgery, including the chapter on Laparoscopic Surgery of the Kidney which appears in Campbell’s Urology, the leading textbook for urologists worldwide.
NSAUA EXHIBIT HALL SKILLS CHALLENGE – SPONSORED BY OLYMPUS

NARROW BAND IMAGING (NBI) SKILLS CHALLENGE: DETERMINE HOW WELL YOU CAN FIND BLADDER LESIONS AND ALLOW OLYMPUS TO HELP YOU SIMPLY SEE MORE

The NBI skills challenge is a Virtual Reality experience where the ‘player’ is inside the bladder detecting tumors and gathering points while ‘being’ the cystoscope in both white light and NBI.

THE PERSON WITH THE HIGHEST NUMBER OF POINTS WILL WIN AN APPLE WATCH!

Visit OLYMPUS Booth 21 and participate in the NBI® Virtual Reality Skills Challenge

www.medical.olympusamerica.com

© 2017 Olympus America Inc. Trademark or Registered Trademark of Olympus and its affiliated entities in the U.S. and/or other countries of the world. All patents apply. OAIURO0917AD23490
NEW FOR 2017: NSAUA NETWORKING CHALLENGE

Follow these steps to win an Apple Watch!

- Wear your 2017 NS-AUA name badge
- Explore the exhibit hall and engage in discussions with as many exhibitors as possible and collect each company’s business card
- To have your cards counted, bring your badge holder to Keith Price in the exhibit hall during the Friday morning coffee break
- The most successful networker takes home the prize!
FACULTY

The Northeastern Section appreciates the participation of all speakers at this year’s meeting.

SCIENTIFIC PROGRAM

THURSDAY, OCTOBER 12, 2017

8 – 8:15 a.m. Welcome Remarks
Robert Siemens, NSAUA President
J. Brantley Thrasher, AUA President
Gerald Brock, CUA President

8:15 – 9:05 a.m. Session 1: Uro-International
Moderator: Hassan Razvi, Western University

International Opportunities for Urologists
Hassan Razvi, Western University
J. Brantley Thrasher, University of Kansas
Gerald Brock, Western University

IVUmed Experience in Mexico
Chris Doiron, Queens University

9:05- 9:15 a.m. Section Stars Session 1
Prize Essay
Michelle Yu

9:15 – 10 a.m. Managing and Preventing Physician Burnout
Julie Franc-Guimond, University of Montreal
Alp Sener, Western University

10 – 10:30 a.m. Break in Exhibit Hall

10:30 a.m. – Noon Moderated Poster Session 1: Laparoscopy & Robotics; Voiding Dysfunction; Pediatrics
Moderators: Barry Kogan, MD; Sero Andonian, MD

P1 Tying the Knot on Robotic Transition: Results Of a Prospective Study on the Learning Curve and Operative Time of Robotic Pediatric Urology Procedures
Noah Stern, Roderick Clark, Aseem Shukla, Sumit Dave.
Western University, London, ON, Canada.

P2 Natural history and Predictors of Paramastomal Hernia after Robot-Assisted Radical Cystectomy
Roswell Park Cancer Institute, Buffalo, NY, USA.

P3 Measuring Quality for Robot-Assisted Radical Cystectomy Worldwide: External Validation of the Quality Cystectomy Score Utilizing the International Robotic Cystectomy Consortium

1Roswell Park Cancer Institute, Buffalo, NY, USA, 2Rijnstate Hospital, Arnhem, Netherlands, 3Karolinska, Karolinska, Sweden, 4Henry Ford, Detroit, MI, USA, 5Ankara Yildirim Beyazit University, Ankara, Turkey, 6Smith Institute for Urology, New Hyde Park, NY, USA, 7Harvard Medical School, Boston, MA, USA, 8Cleveland Clinic, Cleaveland, OH, USA, 9OLVZ, Aalst, Belgium, 10Yonsei University, Seoul, Korea, Republic of, 11University College Hospital, London, United Kingdom, 12Fundación Puigvert, Barcelona, Spain, 13Kings College, London, United Kingdom, 14Ospedale Luigi Sacco, Milan, Italy, 15Universität des Saarlandes, Saarlandes, Germany, 16Wake Forest, Winston Salem, NC, USA, 17Michigan State University, Grand Rapids, MI, USA.

P4 Intracorporeal Versus Extracorporeal Approaches to W Configuration Neobladders after Robot-Assisted Radical Cystectomy

1Roswell Park Cancer Institute, Buffalo, NY, USA, 2Henry Ford, Detroit, MI, USA, 3Mansoura University, Mansoura, Egypt.

P5 Development and Validation of Cystectomy Assessment and Surgical Evaluation Scoring (CASE) for Male Radical Cystec-
tomy

1Roswell Park Cancer Institute, Buffalo, NY, USA, 2UCSF, San Francisco, CA, USA, 3Karolinska, Karolinska, Sweden, 4Temple University, Philadelphia, PA, USA, 5University of Southern California, Los Angeles, CA, USA, 6Memorial Sloan Kettering Cancer Center, New York, NY, USA, 7Henry Ford, Detroit, MI, USA, 8OhioHealth, Dublin, OH, USA, 9Stanford, Palo Alto, CA, USA, 10Universität Ulm, Ulm, Germany.

P6 Low Incidence of Clean Intermittent Catheterization with Onabotulinumtoxina in Diverse Age Groups of Overactive Bladder Patients with Substantial Improvements in Treatment Response

1New York University Langone Medical Center, New York, NY, USA, 2University of Toronto, Toronto, ON, Canada, 3Medical University of South Carolina, Charleston, SC, USA, 4Bristol Urological Institute, Bristol, United Kingdom, 5Ghent University Hospital, Ghent, Belgium, 6The Royal Hallamshire Hospital, Sheffield Teaching
P7  Off-label Use of IncobotulinumtoxinA (Xeomin) For Treatment of Patients with Idiopathic OAB
Kyle Waisanen1, Hemikaa Devakumar2, Eric Hurtado3, Sneha Vaish4.
1Ross University School of Medicine, Miramar, FL, USA, 2Cleveland Clinic Florida, Weston, FL, USA.

P8  Automating Perineal Hygiene Effectively Treats Incontinence Associated Dermatitis, Maintains Independence, and Improves Quality of Life
Brian Murray, Brian Murray.
St Peter’s Health Partners, Albany, NY, USA.

P9  WITHDRAWN

P10 Individualized Prediction of Incontinence after Robot-Assisted Radical Prostatectomy: Development and Validation of Prostatectomy Incontinence Nomogram
Ruben M. Pinkhasov, Timothy Lee, Rogerio Huang, Bonnie Berkley, Nicole Dodge, Alexandr M. Pinkhasov, Kristopher Attwood, Elena Pop, Gaybrielle James, James Mohler.
Roswell Park Cancer Institute, Buffalo, NY, USA.

P11 Safety & Quality Issues Associated with Neonatal Percutaneous Nephrostomy Tube (PNT) Placement in Neonates & Infants
Martin Koyle, Eli Bator, Joao Amaral, Dimitri Parra, Armando Lorenzo, Darius Bagli, Joana Dos Santos, Walid Farhat.
Hospital for Sick Children, Toronto, ON, Canada.

P12 Surgical Outcomes of Open Ureteral Reimplantation in Patients with Spinal Dysraphism: a Single Institution Experience
1University of Pittsburgh Medical Center, Pittsburgh, PA, USA, 2Magee Women’s Hospital of UPMC, Pittsburgh, PA, USA, 3University of Pittsburgh, Pittsburgh, PA, USA, 4Children’s Hospital of Pittsburgh, Pittsburgh, PA, USA, 5UPMC, Pittsburgh, PA, USA, 6University of Pittsburgh, Pittsburgh, PA, USA.

P13 Rare Alterations in Cy11b1 Gene in 46, xx Virilized Females with Ambiguous Genitalia and 46, xy Males With Early Onset Virilization
Rajeev Chaudhry1, Patrick J. Fox2, Miguel Reyes-Mugica1, Selma F. Witchel2, Aleksandar Rajkovic3, Alicia Belgorosky4, Francis X. Schnick5, Svetlana Yatsenko6.
1Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, PA, USA, 2University of Pittsburgh School of Medicine, Pittsburgh, PA, USA, 3Hospital de Pediatría Garrahan, Buenos Aires, Argentina.

P14 Surgical Management and Outcomes of Pediatric Ureterocele: A 12-year Experience
Jeffrey D. Browning1, Binghua Li2, Heidi A. Stephany3, Glenn M. Cannon4, Francis X. Schnick5, Michael C. Ost6, Rajeev Chaudhry7.
1UPMC, Pittsburgh, PA, USA, 2University of Pittsburgh School of Medicine, Pittsburgh, PA, USA, 3Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, PA, USA, 4University of Pittsburgh, Pittsburgh, PA, USA, 5UPMC, Pittsburgh, PA, USA, 6University of Pittsburgh, Pittsburgh, PA, USA, 7UPMC, Pittsburgh, PA, USA.

P15 2-Stage Repair for Proximal Hypospadias with Chordee: Long-term Review
Michael Ernst, Saul Greenfield.
University at Buffalo, Buffalo, NY, USA.

P16 Pediatric Renal Transplant and Subsequent Ureteral Reimplantation
Michelle Yu1, Rajeev Chaudhry2, Thomas W. Fuller3, Glenn M. Cannon4, Francis X. Schnick5, Michael Ost6, Christina R. Nguyen7, Heidi A. Stephany8.
Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, PA, USA.

P17 Direction of Rotation in Testicular Torsion and Identification of New Predictors of Testicular Salvage
Todd S. Yecies1, Jathin Bandari2, Francis X. Schnick3, Glenn M. Cannon4.
University of Pittsburgh, Pittsburgh, PA, USA.

Moderated Poster Session 2: Basic Science; Education
Moderators: Robert Siemens, MD; Alp Sener, MD

P19 Glutamatergic Mechanisms Involved in Bladder Overactivity and Pudendal Neuromodulation in Cats and Pudendal Neuromodulation in Cats
Jamie Uy1, Michelle Yu2, Xuewen Jiang3, Cameron Jones4, Bing Shen5, Jicheng Wang6, James R. Roppolo7, William C. de Groat8, Changfeng Tai9.
1University of Pittsburgh, Pittsburgh, PA, USA, 2Shandong University, Jinan, China, 3Department of Pharmacology and Chemical Biology, University of Pittsburgh, Pittsburgh, PA, USA.

P20 An Excitatory Reflex from Superior Peroneal Nerve to Bladder in Cats
Michelle Yu1, Jamie Uy2, Xuewen Jiang3, Xing Li4, Cameron Jones5, Bing Shen6, Jicheng Wang7, James R. Roppolo8, William C. de Groat9, Changfeng Tai10.
1UPMC, Pittsburgh, PA, USA, 2Qilu Hospital, Shandong University, Jinan, China, 3Department of Pharmacology and Chemical Biology, University of Pittsburgh, Pittsburgh, PA, USA.

P21 Plasminogen Activator Inhibitor-1 (PAI-1) Expression Promotes Tubular Dysfunction in Renal Fibrosis
Fei Lian, Jiaqi Tang, Alex Arnouk, Rohan Samarakoon, Paul Higgin.
Albany Medical Center, Albany, NY, USA.

P22 Comprehensive Immune Transcriptomic Analysis in Bladder Cancer Reveals Subtype Specific Immune Gene Expression Patterns
D. Robert Siemens1, Madhuri Koti2, Runhan Ren2, Kathrin Tyryshkin3.
Queen’s University, Kingston, ON, Canada.

P23 Tertiary Lymphoid Structures in the Tumour Immune Microenvironment of Bladder Cancer
D. Robert Siemens, Madhuri Koti.
Queen’s University, Kingston, ON, Canada.

P24 Effects of Purified Omega-3 Fatty Acid Supplements On Prostate Cancer
Nikunj Gevariya1, Gabriel Lachance2, Karine Robitaille2, Alain Bergeron2, Valérie Picard3, Mickael Leclercq4, Charles Joly4, Yves
P25 Effects of Zinc Chelation and Supplementation in Presence of Vitamin D, Testosterone, and Retinoic Acid on Growth of Prostate Cancer cells
Adam Schatz, Wei-Lin Wang, Martin Tenniswood, Charles Welliver.
1Albany Medical Center, Albany, NY, USA, 2SUNY University at Albany Cancer Research Center, Albany, NY, USA, 3Stratton VA Medical Center, Albany, NY, USA.

P26 Management of the Post-pubertal Undescended Testis: An Updated Risk Analysis
Ankur Shah, Paul Feustel, Jennifer Knuth, Charles Welliver.
1Albany Medical College, Albany, NY, USA, 2Albany Medical College, Center for Neuropsychology & Neuroscience, Albany, NY, USA, 3Albany Medical College, Division of Anesthesia, Albany, NY, USA, 4Albany Medical College, Division of Urology, Albany, NY, USA.

P27 Prospective, Randomized, Controlled Study 5 Year Results on Prostatic Urethral Lift (PUL)
Jack Barkin.
University of Toronto, Toronto, ON, Canada.

P28 Compliance and Factors Associated with Compliance when Utilizing a Home-Based Post-Vasectomy Sperm Test
Alex Arnouk, Max Roehmholdt, Paul Feustel, Andrew McCullough, Charles Welliver.
1Albany Medical College, Albany, NY, USA, 2Lahey Hospital & Medical Center, Burlington, MA, USA.

P29 Transurethral Convective Radiofrequency Water Vapor Thermal Therapy for Symptomatic Benign Prostatic Hyperplasia: Two-Year Outcomes of A Randomized Controlled and Prospective Crossover Study Convective Radiofrequency Water Vapor Thermal Therapy for Symptomatic Benign Prostatic Hyperplasia: Two-Year Outcomes of A Randomized Controlled and Prospective Crossover Study
1Associated Medical Professionals of NY, Syracuse, NY, USA, 2Southern Illinois University School of Medicine, Springfield, IL, USA, 3University of Texas Southwestern, Dallas, TX, USA, 4Cleveland Clinic, Cleveland, OH, USA.

P30 Phenazopyridine: An Easier Way to Identify Ureteral Orifices
Alexandra Rehfuss, Joseph Mahon, Igor Sorokin, Cynthia Smith, Barry Stein.

*Industry-sponsored symposia are separate from the Section’s designated CME scientific program.
FRIDAY, OCTOBER 13

Breakfast served

7:30 – 9 a.m.  Moderated Poster Session 3: Oncology 1
Moderators: Badar Mian, MD; Jason Izard, MD

P35  Mortality within One Year of Prostate Cancer Diagnosis: High Rate of Cancer-Specific Mortality in the Elderly
Alex Arnouk1, Barry Stein2.
1Albany Medical College, Albany, NY, USA, 2Albany Stratton VA Medical Center, Albany, NY, USA.

P36  Liquid Biopsy for the Detection of Renal Cell Carcinoma
Callan Brownfield1, Dean Lagansky2, Charles Lorentz2, Usama Al-Qassab2, Kenneth Ogan2, Viraj Master3, Muta Issa4, John Pattaras2, David Roberts1, Sharon Bergquist1, Michael R. Rossi4, Rebecca Arnold1, Jeremy Goecks4, John Petros1.
1Emory University School of Medicine, Atlanta, GA, USA, 2Emory University School of Medicine, Department of Urology, Atlanta, GA, USA, 3Emory University School of Medicine, Department of Urology; Winship Cancer Institute of Emory University, Atlanta, GA, USA, 4Emory University School of Medicine, Department of Urology; Winship Cancer Institute of Emory University; Atlanta Veterans Affairs Medical Center, Atlanta, GA, USA, 5Emory University School of Medicine, Department of Internal Medicine, Atlanta, GA, USA, 6Emory University, Department of Radiation Oncology; Winship Cancer Institute of Emory University, Atlanta, GA, USA, 7Emory University School of Medicine, Department of Urology; Atlanta Veterans Affairs Medical Center, Atlanta, GA, USA, 8University of Missouri-Columbia, Division of Urologic Surgery, Columbia, MO, USA.

P37  Invasive Adenocarcinoma Arising Within an Indiana Pouch: Two-Case Series
Kyle Waisanen1, Fernando J. Cabrera2, Jaspreet S. Sandhu1.
1Ross University School of Medicine, Miramar, FL, USA, 2Cleveland Clinic Florida, Weston, FL, USA, 3Memorial Sloan Kettering Cancer Center, New York, NY, USA.

P38  Importance of Long-Term Follow-Up after Endoscopic Management for Upper Tract Urothelial Carcinoma and Factors Leading to Surgical Management

Anand Mohapatra1, Seth A. Strope1, Joel Vetter2, Katie S. Murray3.
1UPMC Department of Urology, Pittsburgh, PA, USA, 2Washington University School of Medicine, Division of Urologic Surgery, St. Louis, MO, USA, 3University of Missouri-Columbia, Division of Urologic Surgery, Columbia, MO, USA.

P39  Impact of the Affordable Care Act on Insurance Status and Initial Staging in Patients with Bladder Cancer
MOVEMENT OF MODERATED POSTER SESSION 5

P40  Impact of MRI/Ultrasound Fusion-Guided Biopsy on Prostate Cancer Detection in a Community Based Large Urology Group Practice.
Alexander Van Hoof, Nedim Ruhotina MD, Richard Kronhaus MD, Herbert James MD, Peter Iannotta RPA, Bashar Omarbasha MD, Christopher Pieczonka MD, David M. Albala MD.
AMP of NY Urology, Syracuse, NY, USA.

P41  Focal Prostate Brachytherapy with Cesium 131
Katherine K. Shapiro, Sarah M. Tepe, Ryan P. Smith, Sushil Beriwal, Ronald M. Benoit.
University of Pittsburgh Medical Center, Pittsburgh, PA, USA.

P42  WITHDRAWN

P43  Evaluation of E-cigarette Users Urine for Known Bladder Carcinogens
Thomas W. Fuller1, Abhinav P. Acharya1, Michelle Yui, Godugu Bhaskar2, Steven R. Little2, Tatum V. Tarin3.
1University of Pittsburgh Medical Center, Pittsburgh, PA, USA, 2University of Pittsburgh, Pittsburgh, PA, USA.

P44  Evaluating the Cost Effectiveness of the Asymptomatic Microhematuria Guidelines by Sex
Jathin Bandari1, Bruce L. Jacobs1, Matthew E. Nielsen2, Kenneth J. Smith1.
1University of Pittsburgh, Pittsburgh, PA, USA, 2University of North Carolina Chapel Hill, Chapel Hill, NC, USA.

P45  Effects of Purified Fatty Acid Subtypes on Prostate Cells and Their Implication in Prostate Cancer Progression
Lisanne Beaudoin, Nikunj Gevariya, Karine Robitaille, Vincent Fradet.
CHU de Québec Research Center – Laval University – L’Hôtel-Dieu-de-Québec, Quebec, QC, Canada.

P46  Effects of Patient Gender on Urologist Decision-making for Treatment of the Localized Renal Mass
Albany Medical Center, Albany, NY, USA.

P47  Effects Of A Dietary Intervention To Increase Omega-3 Intake, Compared To Dutasteride, In Men With Low-risk Prostate Cancer Under Active Surveillance: Preliminary Results On Fatty Acids Intake And Fatty Acid Profiles Of Red Blood Cells And Prostate Tissue
Marie-Helene Guertin, Hanane Moussa, Karine Robitaille, Jean-François Pelletier, Vincent Fradet.
CHU de Québec Research Center – Laval University – L’Hôtel-Dieu-de-Québec, Quebec, QC, Canada.
de-Québec, Québec, QC, Canada.

P48 Contemporary Outcomes of Palliative Transurethral Resection of the Prostate in Patients with Locally Advanced Prostate Cancer
Joanie Pelletier, Sarah-Jeanne Cyr, Anne-Sophie Julien, Louis Lacombe, Yves Fradet, Paul Toren.
Université Laval, Québec, QC, Canada.

P49 Association of Anesthetic and Recurrence Rates after Transurethral Resection of Bladder Tumours
Queen’s University, Kingston, ON, Canada.

P50 An Independent Multi-institutional Prospective Study in the Veterans Affairs Health System Confirms the 4Kscore Accurately Predicts Aggressive Prostate Cancer

1Associated Medical Professionals, Syracuse, NY, USA, 2Department of Urology, University of Minnesota and Minneapolis Veterans Affairs Medical Center, Minneapolis, MN, USA, 3Department of Urology, University of Miami and Miami Veterans Affairs Medical Center, Miami, FL, USA, 4Cedars-Sinai Medical Center and Durham Veterans Affairs Medical Center, Durham, NC, USA, 5Duke Cancer Institute and Durham Veterans Affairs Medical Center, Durham, NC, USA, 6Medical University of South Carolina and Ralph H. Johnson Veterans Affairs Medical Center, Charleston, SC, USA, 7Department of Urology and Population Health, New York University and Manhattan Veterans Affairs Medical Center, New York, NY, USA, 8Department of Urology, University of California, Irvine and Veterans Affairs Long Beach Health System, Orange, CA, USA, 9Pathology and Laboratory Medicine Service, Kansas City Veterans Affairs Medical Center, Kansas City, KS, USA, 10OPKO Diagnostics, Woburn, MA, USA, 11Tulane University School of Medicine and Southeast Louisiana Veterans Health Care Center, New Orleans, LA, USA.

Moderated Poster Session 4: Stones & Endourology; Infection

Moderators: Gregory Tasian, MD; Kristina Penniston, MD

P51 WITHDRAWN

P52 Dual Usage of a Stone Basket: Stone Capture and Retropulsion Prevention
Tad Kroczak, Daniela Ghiculete, Robert J. Sowerby, Kenneth T. Pace, R. John D’A. Honey.
University of Toronto, Toronto, ON, Canada.

P53 Improvement of Surgical Outcomes after Preoperative Rehearsal Using 3d Printed Patient-specific Simulation for Percutaneous Nephrolithotomy
University of Rochester, Rochester, NY, USA.

P54 Randomized Control Trial Comparing Narrow versus Wide Focal Zones for Shock Wave Lithotripsy of Renal Calculi
Kenneth T. Pace, Daniela Ghiculete, Monica Farcas, RJ D’A Honey.
St. Michael’s Hospital, University of Toronto, Toronto, ON, Canada.

P55 Markers of Renal Injury during Shock Wave Lithotripsy with Narrow vs. Wide Focal Zones
Kenneth T. Pace, Daniela Ghiculete, Monica Farcas, RJ D’A Honey.
St. Michael’s Hospital, University of Toronto, Toronto, ON, Canada.

P56 Conservative Management of Staghorn Calculi: Is it Safe?
UPMC, Pittsburgh, PA, USA.

P57 Practice Patterns for Management of Urolithiasis in Patients with Spina Bifida - Single Institution Experience
Katherine Theisen, Rajeev Chaudhry, Francis X. Schneck, Michael C. Ost, Glenn M. Cannon, Heidi A. Stephany.
1University of Pittsburgh Medical Center, Pittsburgh, PA, USA, 2Children’s Hospital of Pittsburgh, Pittsburgh, PA, USA.

P58 Identifying the Relationship between Fluoroscopy Pulse Rate and Radiation Absorbed Dose
Todd S. Yecies, Michelle J. Semins, Michael Sheetz, Mark Duranko, Rajeev Chaudhry.
1University of Pittsburgh Medical Center, Pittsburgh, PA, USA, 2University of Pittsburgh, Pittsburgh, PA, USA, 3Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, PA, USA.

P59 Stone Composition and Risk Factors in Patients with Ureteropelvic Junction Calculi
Mohammed Shahait, Avinash Maganty, 15217, Michelle Semins, Tatum V. Tarin, Stephen Jackman, Timothy Averch, Michael Ost.
UPMC, Pittsburgh, PA, USA.

P60 Assessment of Adherence to Metabolic Evaluation Guidelines in Patients with Nephrolithiasis - Results of a National Multi-centric Study
1Université de Montréal, Montreal, QC, Canada, 2University of McGill, Montreal, QC, Canada, 3University of Toronto, Toronto, ON, Canada, 4University of Alberta, Edmonton, AB, Canada, 5Dalhousie University, Halifax, NS, Canada, 6University of British Columbia, Vancouver, BC, Canada.

P61 Contemporary Trends in Utilization and Outcomes of Percutaneous Nephrolithotomy in the United States from 2003 to 2014
1Division of Urology, Université de Montréal, Montreal, QC, Canada, 2Division of Urology and Center for Surgery and Public Health, Brigham and Women’s Hospital, Harvard Medical School, Boston, MA, USA, 3Department of Urology, Stanford University, Stanford, CA, USA, 4Veterans Affairs Boston Healthcare System, Harvard Medical School, Boston, MA, USA.

P62 Ambulatory Percutaneous Nephrolithotomy: A Cost Reducing
Innovation

Tad Kroczak¹, Kenneth T. Pace¹, Sero Andonian², Darren Beiko, MD³.

¹University of Toronto, Toronto, ON, Canada, ²McGill University, Montreal, QC, Canada, ³Urology, Queen’s University, Kingston, ON, Canada.

P63 PCNL in Kidneys with Borderline Renal Function: A Single Institution Experience

Omar M. Ayyash, Mohammed Shahait, Stephen Jackman, Timothy Averch.

UPMC, Pittsburgh, PA, USA.

P64 Characterization of Upper Tract Urolithiasis in Patients Following Urinary Diversion

Omar M. Ayyash, Mohammed Shahait, Jordan Denk, Stephen Jackman, Timothy Averch, Michelle Semins.

UPMC, Pittsburgh, PA, USA.

P65 Routine Complete Blood Count has Limited Value Post Percutaneous Nephrolithotomy in Identifying Hemorrhagic or Infectious Complications

Tad Kroczak, Michael Ordon, Kenneth T. Pace, R. John D’A. Honey, Jason Y. Lee.

University of Toronto, Toronto, ON, Canada.

P66 Hypogonadal Men with Idiopathic Infertility Have More Sperm than Eugonadal Men

Morgan Prince¹, Michael Daugherty¹, Robert Kiltz², JC Trussell³.

¹Upstate University Hospital, Syracuse, NY, USA, ²CNY Fertility Center, Syracuse, NY, USA.

P67 A Randomized Double Blinded Placebo Controlled Trial between Anastrozole and Clomiphene to Evaluate Improvement in Hypogonadal Symptoms and Erectile Function Using ADAM, IIEF, and EHS Validated Scales

Joseph T. Mahon¹, Sevann Helo¹, Joseph Ellen¹, Paul Feustel¹, Charles Welliver¹, Andrew McCullough¹.

¹Albany Medical Center, Albany, NY, USA, ²Lahey Clinic, Melrose, MA, USA.

9 – 9:45 a.m. Section Stars Session 2

Young Investigator

Eric Kauffman, Roswell Park Cancer Institute

Prize Essays

Alice Yu

Matthew Truong

9:45 – 10 a.m. American Board of Urology MOC Updates

Joel Nelson, University of Pittsburgh

10 – 10:45 a.m. Coffee Break in Exhibit Hall

10:45 a.m. – Noon Session 4: Stones

Moderator: Naeem Bhojani, University of Montreal

2:30 – 3:15 p.m. Session 5: Oncology (Non-Prostate)

Moderator: Michael Leveridge, Queen’s University

The Role of Cytoreductive Nephrectomy in 2017

Thomas McGregor, Queen’s University

Advanced Bladder Cancer Management: The Paradigm Shift by Checkpoint Inhibitors

Saby George, Roswell Park Cancer Institute

Redefining Surgical Anatomy of Retroperitoneum

Nicholas Power, Western University

2:30 – 3:15 p.m. Session 6: Pediatric Urology

Moderator: Karen Psooy, University of Manitoba

Imaging of the Pediatric Urinary System: Trends and Controversies

Julie Franc-Guimond, University of Montreal

Emergent Urologic Conditions in the Newborn.

Heidi Stephany, UC Irvine

Changing Epidemiology of Nephrolithiasis: Implications for Population Health and Surgical Care of Children with Kidney Stones

Gregory E. Tasian, Children’s Hospital of Philadelphia

*Industry-sponsored symposia are separate from the Section’s designated CME scientific program.
3:15 – 3:45 p.m.  **Coffee Break**

3:45 – 4:30 p.m.  **George E. Slotkin Lecture**  
**Medical Marijuana for Urologic Chronic Pelvic Pain: Evil Weed or Blissful Savior?**  
*Curtis Nickel, Queen’s University*

4:30 – 5:30 p.m.  **Evening Symposium**  
*A Treatment Option for Certain Patients With Locally Advanced or Metastatic Urothelial Carcinoma*  
*Presenter: Nancy Dawson, MD*  
*Sponsored by:*  
[Keytruda](https://www.keytruda.com)

7 – 10 p.m.  **Fun Night Event**  
Ships of the Sea Maritime Museum  
Transportation departs at 6:45 p.m.

**SATURDAY, OCTOBER 14**

7:00 a.m.  **Annual Business Meeting**  
*Breakfast served*

7:30 – 9 a.m.  **Moderated Poster Session 5: Oncology 2**  
*Moderators: Guan Wu, MD; Paul Toren, MD*

**P68**  
*Vanishing Prostate Cancer: Quantifying the Relationship between Biopsy Disease Volume and Absence of Disease in Radical Prostatectomy Specimens*  
*Adam B. Klein, Eric Kauffman.*  
1University at Buffalo, Buffalo, NY, USA, 2Roswell Park Cancer Institute, Buffalo, NY, USA.

**P69**  
*Trends in the Management of Small Renal Masses: A Survey of Members of the Endourological Society*  
*Anand Mohapatra, Aaron M. Potretzke, Barrett G. Anderson, Robert S. Figenhau.*  
1UPMC Department of Urology, Pittsburgh, PA, USA, 2Mayo Clinic, Department of Urology, Rochester, MN, USA, 3Washington University School of Medicine, Division of Urologic Surgery, St. Louis, MO, USA.

**P70**  
*Trends in Penile Cancer Diagnosis in the Era of the ACA*  
*Daniela Kaefer, Elizabeth Ferry.*  
SUNY Upstate, Syracuse, NY, USA.

**P71**  
*The Utility of Urine Cytology in Female Patients with Vaginal Atrophy and Asymptomatic Microhematuria*  
*Michael Hughes, Conor Policastro, Natasha Ginzburg.*  
SUNY Upstate Medical University, Syracuse, NY, USA.

**P72**  
*The Use of Brachytherapy with Cesium 131 in Patients with Significant Baseline Lower Urinary Tract Symptoms and Large Volume Prostates*  
*Katherine K. Shapiro, Sarah M. Tepe, Ryan P. Smith, Sushil Beriwal, Ronald M. Benoit.*  
University of Pittsburgh Medical Center, Pittsburgh, PA, USA.

**P73**  
*The Prevalence and Biopsychosocial Predictors of Suicidality in Men with Prostate Cancer*  
*Jason P. Izard, Robert Siemens, Phylicia Verreault, Angela Black, Dean A. Tripp.*  
Queen’s University, Kingston, ON, Canada.

**P74**  
*The Evolving Landscape Of Perioperative Chemotherapy Usage In Bladder Cancer Patients Treated With Radical Cystectomy*  
1University of Pittsburgh Medical Center, Pittsburgh, PA, USA, 2University of Pittsburgh Department of Medicine, Pittsburgh, PA, USA.

**P75**  
*The Comparative Effectiveness of Quadratus Lumborum Blocks and Paravertebral Blocks in Radical Cystectomy Patients*  
1University of Pittsburgh, Pittsburgh, PA, USA, 2University of Pittsburgh Medical Center, Pittsburgh, PA, USA.

**P76**  
*Temporal Trends in Management and Outcomes of Testicular Cancer: A Population-Based Study*  
*Michael Leveridge, D Robert Siemens, Kelly Brennan, Jason P. Izard, Safiya Karim, Christopher M. Booth.*  
Queen’s University, Kingston, ON, Canada.

**P77**  
*Prostate Brachytherapy with Cesium 131*  
*Katherine K. Shapiro, Sarah M. Tepe, Ryan P. Smith, Sushil Beriwal, Ronald M. Benoit.*  
University of Pittsburgh Medical Center, Pittsburgh, PA, USA.

**P78**  
*Oncologic Outcomes after Partial Cystectomy for Bladder Cancer*  
*Benjamin J. Nelson, Edward M. Messing.*  
URMC Urology, Rochester, NY, USA.

**P79**  
*Omega-3 Fatty Acids and Risk of Prostate Cancer Progression during Active Surveillance*  
1CHU of Quebec Research Center - Laval University – L’Hôtel-Dieu de Québec, Quebec, QC, Canada, 2Institute of Nutrition and Functional Foods (INAF), Laval University, Quebec, QC, Canada, 3CHU of Quebec Research Center - Laval University, Quebec, QC, Canada

**P80**  
*Novel Use of PSA Velocity to Sub-stratify PI-RADS 3 Lesions*  
*Cameron Jones, Seo Young Park, Mohammed Shahait, Diane Comer, Nathan Hale, Alessandro Furlan, Benjamin Davies, Bruce Jacobs.*

*Industry-sponsored symposia are separate from the Section’s designated CME scientific program.*
P81 Novel Creation of a Non-everted Stoma during Ileal Conduit Urinary Diversion: Technique and Short-term Outcomes
Katherine Theisen, Avinash Maganty, Ronald L. Hrebinko.
University of Pittsburgh Medical Center, Pittsburgh, PA, USA.

P82 MRI-trus Fusion Biopsy in Active Surveillance: Can We Predict Disease Progression without Biopsy?
Stephanie Gleicher, Michael Daugherty, Gennady Bratslavsky, Timothy Byler.
SUNY Upstate, Syracuse, NY, USA.

P83 MRI Fused Cone Beam CT Guided Biopsy of the Prostate: A Novel Method of Prostate Biopsy
Jason P. Izard, Robert Siemens, Michael Di Lena, Michael J. Leve-ridge, Alexandre Menard.
Queen’s University, Kingston, ON, Canada.

P39 Impact of the Affordable Care Act on Insurance Status and Initial Staging in Patients with Bladder Cancer
Christopher Nelson, Kyle Plante, Elizabeth Ferry.
SUNY Upstate Medical University, Syracuse, NY, USA.

Moderated Poster Session 6: Trauma; Education
Moderators: Robert Turner, MD; Ahmed Ghazi, MD

P84 Two-Institution Study Examining the Association of Low Testosterone and Anterior Urethral Stricture

San Diego, CA 92121
Company Website: www.genomedx.com

Genomic Health, Inc. .................  Booth: 23
301 Penobscot Drive
Redwood City, CA 94063
Company Website: GenomicHealth.com | onctypedX.com
Phone: +1 (866) ONCOTYPE (866-662-6897)
With over 700,000 patients tested worldwide, Genomic Health is the world’s leading provider of genomic-based diagnostic tests. The company’s Oncotype DX® Genomic Prostate Score provides information which, combined with clinical factors, more accurately stratifies risk and helps urologists and their clinically low-risk patients choose more confidently between active surveillance and immediate treatment.

Isoray Medical  ......................  Booth: 10
350 Hills Street
Suite #106
Richland, WA 99354
Company Website: www.isoray.com
Phone: 509-375-5329
Isoray Medical passionately designs and develops innovative, personalized brachytherapy products that effectively treat many forms of cancer. We are dedicated to working together to deliver efficacious products that support clinical needs and patient-centric treatments, pushing industry status quo. We believe in pioneering solutions for life beyond your cancer.

Janssen Biotech  ..................  Booth: 31
800 Ridgeview Drive
Horsham, MD 19044-3607
Company Website: www.janssen.com/oncology
At the Janssen Pharmaceutical Companies of Johnson & Johnson, we focus on some of the most devastating diseases and the most complex medical challenges of our time. We work within and beyond our communities, globally, to bring innovative treatments for serious, unmet medical needs. We make extraordinary efforts to help people enjoy ordinary moments.

KARL STORZ Endoscopy America ....  Booth: 8
2151 E Grand Avenue
El Segundo, CA 90245
Company Website: www.karlstorz.com
Phone: 800-421-0837
KARL STORZ Endoscopy-America and KARL STORZ Lithotripsy-America are renowned leaders in their respective fields, offering state-of-the-art solutions for minimally invasive procedures and advanced shockwave lithotripsy systems. Products range from leading cystoscopes, resectoscopes, and ureteroscopes for adult and pediatric patients, and related technologies, to noninvasive kidney stone fragmentation using Modulith® extracorporeal lithotripters.

KOELIS, The Prostate Care Company, has assisted physicians worldwide in their routine clinical practice since 2006, providing the latest technology for personalized prostate cancer planning and management, from targeted diagnosis to accurate treatment. KOELIS brings to the market a new paradigm in prostate care with advanced, patient-tailored solutions that preserve their quality of life.

Merck & Co. Inc.  ..................  Booth: 14
2000 Galloping Hill Road
Kenilworth, NJ 07033
Company Website: www.merck.com
For more than a century, Merck has been inventing for life, bringing forward medicines and vaccines for many of the world’s most challenging diseases. Today, Merck continues to be at the forefront of research to deliver innovative health solutions and advance the preventing and treatment of diseases around the world.
MicroGen DX .......................... Booth: 15
4321 Marsha Sharp Freeway
Lubbock, TX 79407
Company Website: www.microgendx.com
Phone: 855-208-0019

MicroGen DX provides physicians and their patients with the most advanced molecular based microbial testing available. The laboratory utilizes Next Generation DNA Sequencing technologies to identify causative microbes within patient samples. The MicroGen DX system of molecular diagnostics dramatically reduces the chance for errors in specimen collection, handling, stability, and time to analysis.

Myriad Genetic Laboratories, Inc. ........ Booth: 22
320 Wakara Way
Salt Lake City, UT 84108
Company Website: www.myriad.com
Phone: 800-469-7423

Myriad Genetics a leading molecular/companion diagnostics company dedicated to making a difference in patients’ lives through the discovery/commercialization of transformative products that assess a person’s risk of developing disease, aid in a timely/accurate diagnosis, determine the risk of disease progression/recurrence and guide personalized treatment decisions.

NeoTract, Inc. ........................... Booth: 41
4473 Willow Road
Suite 100
Pleasanton, CA 94588
Company Website: www.urolift.com

NeoTract, Inc. is dedicated to developing innovative, minimally invasive and clinically effective devices that address unmet needs in urology. Our initial focus is on improving the standard of care for patients with benign prostatic hyperplasia (BPH) using the UroLift® System, a minimally invasive permanent device designed to treat lower urinary tract symptoms (LUTS) secondary to BPH. Visit us at booth 41.

NxThera ............................... Booth: 40
7351 Kirkwood Lane
Suite 138
Maple Grove, MN 55369
Company Website: www.rezum.com

NxThera pioneered its Convective Radiofrequency (RF) Water Vapor Thermal Therapy technology to treat a variety of endourological conditions beginning with BPH. The Rezūm® System, which has FDA clearance, applies radiofrequency thermal energy to create sterile water vapor to convectively deliver targeted, precise treatments to the prostate in a transurethral procedure.

Olympus ............................... Booth: 21
3500 Corporate Parkway
Center Valley, PA 18034
Company Website: www.olympusamerica.com

Olympus is a global medical device and technology leader, focused on enhancing people’s lives every day through innovative solutions in its core business areas of Medical and Surgical Products, Scientific Solutions, and Cameras and Audio Recorders. For more information visit Olympus at medical.olympusamerica.com.

OPKO Health Inc. ......................... Booth: 33
4400 Biscayne Boulevard
Miami, FL 33137
Company Website: www.opko.com
Phone: 305-575-4100

OPKO Health, Inc., a multi-national pharmaceutical and diagnostic company, establishes industry-leading positions through discovery and development of novel technologies, including the 4Kscore test which provides an accurate and personalized measure of men’s risk for aggressive prostate cancer.

Pfizer Oncology .......................... Booth: 1
235 42nd Street
New York, NY 10017
Company Website: www.pfizer.com/science/oncology-cancer

Pfizer Oncology is committed to pursuing innovative treatments that are helping to redefine life with cancer. As an oncology leader with one of the most robust oncology pipelines in the industry, we are focused on translating scientific breakthroughs into clinical application. Additionally, we are dedicated to working collaboratively with the community to make a positive impact on people’s lives.

PROCEPT BioRobotics ..................... Booth: 7
900 Island Drive
Suite 210
Redwood City, CA 94065
Company Website: www.PROCEPT-BioRobotics.com
Phone: 650-232-7200

PROCEPT BioRobotics develops the AQUABEAM System, which utilizes intra-procedural ultrasound to enable surgical planning and mapping of the prostate, followed by robotically controlled Aquablation, intelligent waterjet removal of prostate tissue for the treatment of BPH. The system has CE Mark approval and is available for investigational use only in the U.S.

Retrophin, Inc. .......................... Booth: 37
3721 Valley Centre Drive
Suite 200
San Diego, CA 92130
Company Website: www.retrophin.com

Retrophin is a biopharmaceutical company dedicated to delivering life-changing therapies to people living with rare diseases who have few, if any, treatment options.

Richard Wolf Medical Instruments Corp. . . . Booth: 12
353 Corporate Woods Pkwy
Vernon Hills, IL 60061
Company Website: www.richardwolfusa.com
Phone: 800-323-Wolf (9653)

A global leader in endoscopic medicine since 1906, Richard Wolf develops and manufactures state-of-the-art technologies for a broad range of surgical specialties – a portfolio shaped by an ongo-
ing dialog with respected physicians from around the world. From the earliest stages of R&D to the moment one of our instruments is sent to a facility, we are driven by the spirit of excellence.

**Self Regional Healthcare**  
Booth: 13  
1325 Spring Street  
Greenwood, SC 29646  
Company Website: www.selfregional.org  
Phone 864-725-7029

Self Regional Medical Center is a 414-bed regional referral center providing a wide range of comprehensive inpatient and outpatient services. A 224-bed patient tower opened in August 2006, and a dedicated, state-of-the-art cancer center opened in 2011. The hospital is also home to a 27-resident family medicine teaching program. Self Regional was named one of the world’s “Great Workplaces” by the Gallup organization for four consecutive years, and HealthGrades® honored Self with two consecutive Outstanding Patient Experience Awards™ which ranks the hospital among the top 10 percent in the nation for excellence in patient satisfaction (2009-10 and 2010-11). Self also captured the South Carolina Governor’s Quality Award in 2011, the only recipient of the highest award in South Carolina for outstanding achievement in the development and implementation of quality management systems. The medical staff is comprised of more than 200 physicians representing 40-plus specialties and subspecialties. The hospital houses a 10-bed ICU that admits major traumas, surgeries, acute respiratory problems, and high-acuity patients. The CCU, also a 10-bed unit, admits non-surgical myocardial infarction patients and other non-surgical cardiac patients. The CICU has 10 rooms and provides highly-skilled, quality care to adult and geriatric, preoperative and postoperative cardiac surgery patients and post-coronary intervention. Self Regional is also home to both the South Carolina Joint Center and the South Carolina Spine Center.

**Siemens Healthineers**  
Booth: 26  
40 Liberty Boulevard  
Malvern, PA 19355  
Company Website: usa.siemens.com/Healthineers  
Phone: 610-448-4500

Siemens Healthineers is committed to becoming the trusted partner of healthcare providers worldwide, enabling them to improve patient outcomes while reducing costs. Driven by our legacy of engineering excellence and our pioneering approach, we are a global leader in medical imaging, laboratory diagnostics, clinical IT, and services. usa.siemens.com/Healthineers

**SonaCare Medical**  
Booth: 35  
10130 Perimeter Parkway  
Suite 250  
Charlotte, NC 28216  
Company Website: www.sonacaremedical.com  
Phone: 888-874-4384

SonaCare Medical is the leading innovator in minimally-invasive ablation technology using high intensity focused ultrasound (HIFU). The Sonablate® prostate tissue ablation system incorporates MRI/US image fusion for whole-gland, hemi-gland, or focal procedures. Sonablate is driven by a multi-modal console, which also powers the laparoscopic Sonatherm® probe for soft-tissue ablation.

**Surgical Laser Inc.**  
Booth: 36  
30 Prospect Street  
Unit #203  
Newmarket, ON L3Y 3S9  
Company Website: www.surgicalasersinc.com

**TerSera Therapeutics**  
Booth: 19  
Two Conway Park; 150 N. Field Drive  
Suite 195  
Lake Forest, IL 60045  
Company Website: www.TerSera.com  
Phone: 888-600-8116

TerSera Therapeutics is a specialty pharmaceutical company headquartered in suburban Chicago with a focus on select therapeutic areas, including oncology. Our mission is to develop products which truly make a difference for patients. Our focus is to bring intelligent solutions to our customers that go beyond the therapy itself in order to provide improved patient outcomes. We look forward to meeting you!

**Tolmar Pharmaceuticals**  
Booth: 20  
475 Half Day Road  
Suite 200  
Lincolnshire, IL 60069  
Company Website: www.tolmar.com

TOLMAR is a fully-integrated pharmaceutical company focused on the development, approval, production and distribution of specialty products. Based in Lincolnshire, IL, TOLMAR Pharmaceuticals is a commercial organization focused on urology specialty products. Science is at the core of what we do. The invention, development, and worldwide approval of ELIGARD® (leuprolide acetate for injectable suspension) has established TOLMAR as a leader dedicated to the urology community. Our dedicated product line, programs, services, and high performing teams are aligned to accomplish the needs of today and prepared to meet those of tomorrow.
Think you are protected from a lawsuit?

THINK AGAIN!

Statistics show that you are likely to be sued 1 to 4 times in your professional career.

Let us show you how to fully protect ALL of your assets and wealth.
